

Nome Prodotto **MOMA S**

MoMa by e-Clipso is a painted aluminium suspension lamp for interiors, born from the perfect synergy of lightness, minimalism, and technology. Thanks to the patented e-Clipso light source, it delivers unparalleled visual comfort ($UGR < 8$), illuminating spaces in strict harmony with the principles of neuroarchitecture and biophilic design. Furthermore, the cable-winding mechanism integrated within the ceiling rose allows for effortless adjustment of the distance from the illuminated surface, beautifully fusing functionality with geometric rigour.

TECHNICAL DRAWING

Code 3M6S.E43M.66
Type of product pendant
Dimension cm. Ø60,0
Color/Finish white/white
Certifications CE 

Light source LED
Wattage 18
Color Temperature (K) 3000
Nominal lumen output (lm) 1142
CRI >95
UGR <8
Voltage 220V÷240V
Light distribution 40°
IP 40
Light control IGBT-TRIAC

Dimensions

Ø 60 cm

Nome Prodotto **MOMA S**

Project realization: MoMa S
