AETHER

/AATISMO

Aether is a collection of hanging lamps of extraordinary elegance, created to provide magical and sophisticated sets. Thanks to the original shape of the handcrafted glass and petal, Aether lamps changes different shapes and nuances from every angle. Aether and the smaller version Aether S allow multiple compositions for both contract and residential environments.

Its design combines craftsmanship and innovation: the handcrafted, transparent borosilicate glass diffuser provides a unique aesthetic quality. Inside, a delicate Japanese organza petal, handmade and available in different colours, offers a level of transparency and light reflection that enhances the natural textures of the fabric, creating delicate interplay of light and shadow. Each lamp is unique, a fusion of design, technology and craftsmanship that reveals the magic of light.

Aether is more than just a light source, it is a sensorial experience.

Aether è una collezione di lampade a sospensione di straordinaria eleganza, creata per regalare ambienti magici e sofisticati. Grazie all'originale forma del vetro e del petalo lavorati a mano, le lampade Aether assumono forme e sfumature diverse ad ogni angolazione. Aether e la sua versione più piccola Aether S si prestano alla realizzazione di composizioni multiple per ambienti sia contract che residenziali.

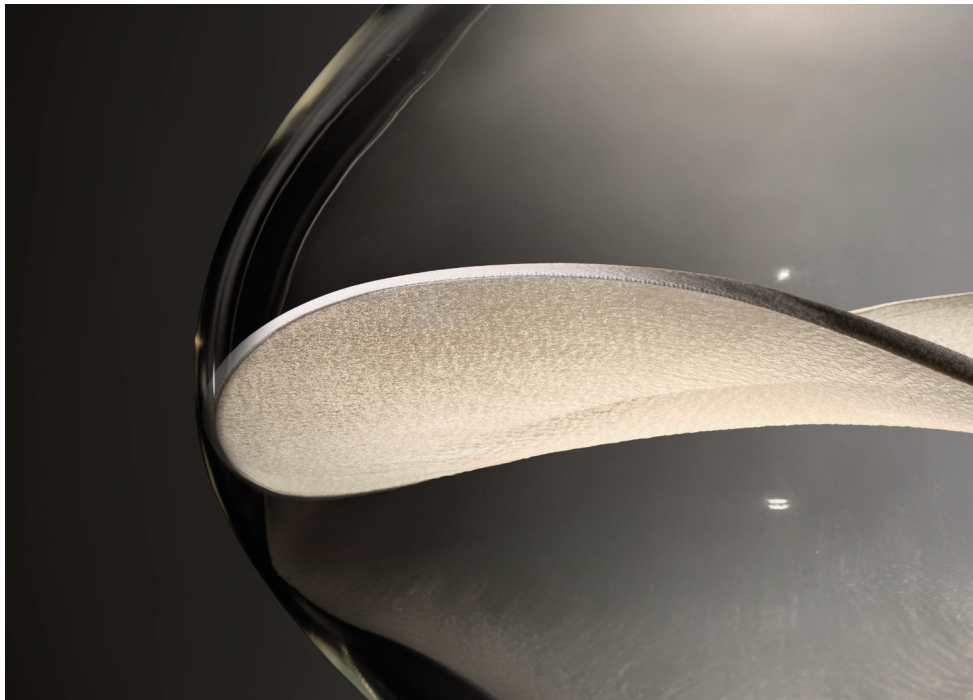

Il design combina artigianato e innovazione: il diffusore, in vetro borosilicato trasparente plasmato con lavorazione artigianale conferisce una qualità estetica unica. Al suo interno, un delicato petalo di organza giapponese, realizzato a mano e disponibile in diverse varianti colore, offre un livello di trasparenza e riflessione della luce che valorizza le trame naturali del tessuto, creando delicati giochi di luce e ombre. Ogni lampada è unica, una fusione di design, tecnica e artigianalità che esalta la magia della luce.

Aether non è solo una fonte di luce, è un'esperienza sensoriale.

FINISHINGS

White Petal 3000K - cod. AETM101BK30 2700K - cod. AETM101BK27	Moka Brown Petal 3000K - cod. AETM101MK30 2700K - cod. AETM101MK27
Coral Pink Petal 3000K - cod. AETM101RK30 2700K - cod. AETM101RK27	Aquamarine Green Petal 3000K - cod. AETM101VK30 2700K - cod. AETM101VK27
Deep Blue Petal 3000K - cod. AETM101BLK30 2700K - cod. AETM101BLK27	Deep Fuchsia Petal 3000K - cod. AETM101FK30 2700K - cod. AETM101FK27

ACCESSORIES REQUIRED:
CEILING ROSE + POWER SUPPLY (several options available)

LIGHT EMISSION

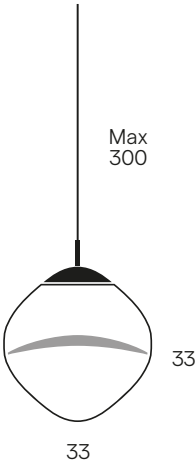

Light source power: 21W	CCT: 2700K/3000K
Light Emission: Diffuse	CRI: 97
Light Direction: Downlight	Lifetime: >55000h
Light Source: Discrete LED	
Emitted Flux 3000K : 1135 lm	
Emitted Flux 2700K : 1066 lm	

ELECTRICAL FACTS

Stand-by absorption: < 0.5
Mains Voltage: 200/240VAC
Master output: 600mA
Ta max: 40°C

PACKAGING DATA

Box dimensions: 42x42x57 cm
Volume: 0,1 m³
Gross weight: 4 kg
