INFORMAZIONI GENERALI

- Passare regolarmente l'aspirapolvere a bassa potenza, per evitare che polvere e residui possano rovinare le fibre.
- Evitare l'esposizione continua e diretta al sole.
- Evitare di appoggiare mobili pesanti sul tappeto o mobili con angoli troppo accentuati.
- Per ogni tipo di macchia, si consiglia di tamponare immediatamente con un panno pulito per evitare che la sostanza penetri nelle fibre.
- Si consiglia il lavaggio professionale almeno una volta l'anno.
- Variazioni di materiale, forma, misura e colore fino al 5% sono da considerarsi normali e comunque dovute alla manifattura artigianale dei prodotti.
